

MTH™

MARITIME TACTICAL HARNESS

Designed for surface and subsurface maritime operations, the Maritime Tactical Harness™ (MTH™) optimizes fit and function of S&S Precision's LiftR™ 40/80 in conjunction with a rebreather system. The MTH™ polymer composite reinforced front and rear panels feature laser cut MOLLE/PALS fields and is compatible with all S&S Precision's OSS and OSS-Redux pouch accessories. Constructed of lightweight, hydrophobic materials with the **patented (US 10605574)** adjustable Auto-Fit Cumberbund™. The MTH™ features four polymer quick-release buckles for rapid donning/doffing of the harness. Engineered to be worn without ballistic plates, this carrier can easily be adapted to carry plates via S&S Precision's Armor Harness.

Auto-Fit Cumberbund™ offers superior fit and comfort

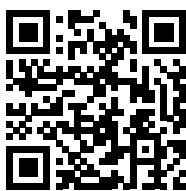

Polymer Quick-Release buckles

Ballistic plates can be integrated via Armor Harness
