INCLUDED ACCESSORIES

PART NUMBER:

NB-ZF01XX

DETACHING THE AUXILIARY BATTERY POUCH

1 The Auxiliary Battery Pouch is secured to the bottom of the ZIPFLIP™ using a MOLLE/PALS strap.

2 The Auxiliary Battery Pouch includes a port for cabling as shown above and can be adjusted to extend from the right or left side of the ZIPFLIP™.

3 Additionally, excess cabling can be secured under the Velcro panel as shown above.

4 To remove the auxiliary battery pouch, locate the Tuck Tab (shown above) and pull it back through the MOLLE/PALS strap as demonstrated in the above pictures.

DETACHING THE SUNSHADE

1 Pull the bottom of the ZIPFLIP™ soft pouch down away from the inner FlipLite, exposing the Sun Shade Velcro Wings.

2 Detach both the left and right Sun Shade Velcro Wings as shown above.

3 Detach the Sun Shade back panel from the Velcro lining as shown.

4 Finally, pull the bottom of the ZIPFLIP™ soft pouch back over the edges of the inner FlipLite.

REMOVE ZIPFLIP™ SOFT POUCH

1 To remove the FlipLite from the ZIPFLIP™ soft pouch, first remove the Sun Shade (see sun shade removal instructions).

2 Pull the corner of the ZIPFLIP™ soft pouch over the inner FlipLite and down as shown above.

3 Continue to pull the opposite corner of the ZIPFLIP™ soft pouch over the inner FlipLite and down.

4 Optionally, remove the cell phone. Pull back the 4 corner bands and pull device off the Velcro panel.

5 Pull the bottom of the ZIPFLIP™ soft pouch away from the bottom of the inner FlipLite.

6 Pull the top of the inner FlipLite out of the upper pocket of the ZIPFLIP™ soft pouch as shown.

QUICK CLOSE TAB ON FLIPLITE™

1 To use the quick close tab, slide the FlipLite through the soft pouch slot as shown above.

2 Once FlipLite is all the way through the slot, pull the tab up to secure it.

3 Continue to pull the opposite corner of the ZIPFLIP™ soft pouch over the inner FlipLite as shown.

4 The ZIPFLIP™ quick close tab is now properly attached.

7 The ZIPFLIP™ soft pouch and the inner FlipLite are now separated.
